#### "A Catholic."

LITCHFIELD, KY., Jan. 20.

*Editor Herald:*

In your paper of Jan. 14, I notice an article signed "A Catholic," written from this place, in review of the statement I made, through the *Herald* some time ago concerning the Catholics and their conduct in schoolhouses at this place. The author of the article attempts to be fictitious in what he says, but despite the attempted wit, the manifest ignorance and impudence in the statements made, indicate that the short item in my article which he refers to, had touched a tender spot.

I have written to the *Herald* to let them know of the article, and give you a copy of it, so that you may see that it is an article of no value.

Now, I am aware that Catholic schools are not the only ones that have great amount of righteous indignation as is given vent to it by "A Catholic" article.

But if that it has done is only an indication that the relation the Catholic Church sustains to the free public schools is a subject that will not bear the light, and all his insinuations that are made, and divorce from their wives, and away with other men's wives," and

witty remarks about "Dealing in calico, whalebones, bandboxes, *et cetera*," etc., only shows the scuttlishness

of the author, who is evidently a *hater* of the *Catholic* Church.

# THE HERALD.

JNO. P. BARRETT, - EDITOR.

WEDNESDAY, JAN. 28, 1880.

THE nomination of Gen. E. H. Murray to be Governor of Utah, no doubt, be confirmed. The Committee in the Senate have recommended confirmation.

WE received the enlarged and improved *Madisonville Times* last week, which is, if possible, a better paper than ever, but we could not expect any other kind of Zeno.

The President has appointed James Russell Lowell, of Massachusetts, Minister to England; John W. Foster, of Indiana, Minister to Russia; Lucius Fairchild, of Wisconsin, Minister to Spain; Philip H. Morgan, of Louisiana, Minister to Mexico, and Eli H. Murray, of Kentucky, Governor of Utah Territory.

Mr. F. W. GAUT is the newest, and we would not miss it far, to say one of the most popular conductors that ever managed a train on the P. & E. R. R. He is polite and attentive, and discharges his duty faithfully.

MR. WARREN G. BENTON is for the present engaged on the editorial and reportorial staff of the Louisville *Commercial*, and will probably become a permanent fixture there. He is a ready, forcible writer, very industrious, and well adapted to the position.

HON. JNO D. GILMORE, a native of Breckinridge county, Ky., and for a long time a resident of Cloverport, was shot to death at Columbus, Colorado county, Texas, in December last, by a drunken desperado named Jesse J. Harri-

son. The situation in Maine is, according to yesterday's daily journals, drawing to a head. The Fusiliers have submitted their cause or the question of the legality of the two Legislatures to the Supreme Court, which will certainly decide against them, and the affair will be over.

We have a letter from Mr. V. M. Metcalfe, who has promised positively to be on hand at our Fair Friday, February 6th. He will entertain those present with a talk about agriculture, horticulture, fertilization, &c. His lecture will well be worth all the trouble of coming, even if you do not take a premium. Let everybody come out.

THE Hon. Samuel Hill, of Hartford Ky., called at this office last Saturday. This gentleman represents, in the State Legislature, the 1st district of Franklin, Muhlenberg and there is no district better cared for. Captain Hill takes especial pains to further the interests of agriculture, as far as it affects his constituents; and though a lawyer, and a good one too, he has no disposition to place the welfare of his profession ahead of that of the farmer.—*Farmer's Home Journal.*

MISSISSIPPI has at last succeeded in electing a Senator. On the 23d inst. Gen. J. Z. George was elected the successor of B. K. Bruce, colored. With the retirement of Bruce, the last colored man leaves the Halls of Congress, probably not to return soon, as the Republicans can quit evicting them to office. Republican managers go upon the idea that the negro is good enough to vote but not to hold office any more.

OUR last grand jury returned no indictment against the colored man, Lester J. A. Ray, for the killing of the two moonshiners down in Tracey, some months since. Their silence virtually exonerates Mr. Ray, who had, however, already been acquitted of all blame by every one cognizant of the particulars of the tragic affair.—*Glasgow Times*

Mr. Ray is well and favorably known in Hartford, having lived here for some time several years ago. His complete exoneration will be cheerful news to his friends here, who hold him in high esteem.

THE Bowling Green *Intelligencer* says that there lives in the Madison mill neighborhood, four Messrs. Harmones, brothers, each of whom was born on Christmas day, with an interval of two years between the birth of each.

This is a year fraught with interests—big with events. We elect a President and Vice President, Congressmen; also Commonwealth's Attorneys, Judges of Circuit, Criminal and Common Pleas Courts, Circuit Clerks and Sheriffs. If you want to keep posted, subscribe for the HERALD, and you can easily do so.

## Child Wedding.

The Glasgow *Times* learns of a marriage in Monroe county where the groom was only nineteen years old and the bride just eleven.

## The "Sculp" Law.

This outrageous law was repealed by the Senate last week, and we hope the House will follow suit. This will lessen our estimated deficit 1,200 dollars per annum, or thereabouts.

## Kellogg's Successor.

Hon. Randall Gibson was elected Senator from Louisiana on the 22d inst., receiving every vote cast. He is now filling his fourth term in the Lower House. He was born in Kentucky in 1832. He is the very soul of honor, and has the respect and confidence of all his constituents of all colors and parties. What a contrast when compared with Kellogg.

## Noble State of Maine.

Telegrams from different parts of the State of Maine announce that preparations are being made by each party in different towns and counties of the State, and an early attack on the State Capitol by the Fusionists is anticipated. The Fusionists have been losing ground ever since the expiration of Gov. Garrison's term of office. Up to that time they had the heels of the Republicans, but, submitting questions to the Supreme Court of Maine has weakened their hold.

## Call for a Republican State Convention.

In obedience to a resolution of the Republican State Central Committee, held January 22, 1880, in Louisville, a State convention is hereby called to meet in Louisville, Wednesday the 14th day of April, 1880, at 12 o'clock M, for the purpose of adopting a platform, delegates to the National Republican Convention, to be held June 2, 1880, at Chicago.

The basis of representation agreed upon is one delegate for every fifty votes, and for each fraction thereof exceeding twenty-five cast for Hon. Walter Evans at the last gubernatorial election.

Also to be represented are other business as may come before the convention.

GEORGE DENKE, Jr., Chairman.

THOS. SPEED, Secretary.

## The Hartford Herald Fair.

The President has appointed James Russell Lowell, of Massachusetts, Minister to England; John W. Foster, of Indiana, Minister to Russia; Lucius Fairchild, of Wisconsin, Minister to Spain; Philip H. Morgan, of Louisiana, Minister to Mexico, and Eli H. Murray, of Kentucky, Governor of Utah Territory.

Mr. F. W. GAUT is the newest, and we would not miss it far, to say one of the most popular conductors that ever managed a train on the P. & E. R. R. He is polite and attentive, and discharges his duty faithfully.

MR. WARREN G. BENTON is for the present engaged on the editorial and reportorial staff of the Louisville *Commercial*, and will probably become a permanent fixture there. He is a ready, forcible writer, very industrious, and well adapted to the position.

## The Adjutant General's Report.

The report of the Adjutant General Nichols shows that there are now in the service of the State twelve regiments of infantry, one company of artillery and one company of cavalry. The infantry, with the exception of the Carrollton company, are armed with Springfield breech-loading muskets. Gen. Nichols recommends that companies of the quota (sixteen of infantry, one of cavalry, and one of cavalry) be accepted from suitable localities. He advises that every company be properly uniformed and proceed with elementary drill before getting arms—a suggestion which strikes us as being entirely sensible, and he recommends that every organization should be used to train the efficient and reliable men.

—A rather peculiar case of poisoning occurred in town last Friday night. Mr. John Greenwood, little daughter and a young Mr. Wardens were taken sick after eating supper. Dr. Pendleton was sent for who pronounced it poison. It cannot be accounted for unless it was from eating some souse, as none of the rest of the family had eaten of it. The parties have about recovered from the effects thereof.

E. S. EDGERTON.

Last Thursday's Good Templars Advocate came to us draped in mourning for the death of Mrs. Mattie J. Denare, wife of the editor, and Grand Worthy Chief Templar of Kentucky, which sad event took place on Thursday, January 15, 1880. Mrs. Denare was noted for her intellect, sweetness of disposition, charitable nature, kindness and affection for her husband and children and last her love of worship for her Master. Her demise is a heavy burden to the grief-stricken husband and little children. We extend to them our tear of sympathy.

At five o'clock yesterday morning a gloom was cast over this community by the announcement of the death of Miss Jennie Bennett, who has been at the point of death for several days with typhoid fever. Miss Jennie was an ornament to society, and was loved by everybody who knew her, and the snapping of the tender cord of life sends aches to the hearts of all her acquaintances. Her pure spirit has winged its flight to a better world, and her sweet smiles and amiable disposition, that were such comforts to her widowed mother, can never be supplemented by another in the family circle. She has gone, and the angels are holding high carnival over the new soul that is done with the trials of earth. Her funeral will take place this morning at 10 o'clock.

Death is no respecter of persons. It comes to us at an unexpected hour and takes away the fairest and loveliest of earth. The old, the young, the rich and poor, all have to share alike, this fate, but it is pretty sad when in a few short hours, the father, mother and child, are called from life to eternity. Such was the case last week in the western portion of the country. Mr. D. H. Katon, wife and child all died of pneumonia, in about 24 hours of each other. The child died on Friday night the 16th, the father on Sunday night the 18th, and the mother on Monday night the 19th. Mrs. Katon was a sister of Mr. Thos. Williams, living near Green River. Work the year round. GREEN & BARKER RIVER NAV. Co. 3-21.

ON THE DOWNWARD ROAD.

A man, giving his name as Owen Bess, claiming to be from Brandenburg, Meade county, came here last week. He had not been in town very long before he began drinking. On Tuesday night, while still under the influence of whisky, he exhibited a considerable amount of violence. Next morning, after laying out all night, he found that all of his money had been stolen. He sold his horse for \$50 and continued to drink. During his spree he got into a difficulty in which he drew a revolver. On Wednesday night the marshal arrested him for carrying concealed weapons. He was taken before Police Judge, W. H. Cummings, and held to answer next morning. In lieu of bond he deposited \$40 and his watch. Next morning he was too drunk to be tried. He was arrested and taken to jail. He was brought out Saturday before Judge Ben Newton where he had a final trial, resulting in a fine \$25 and ten days imprisonment in the county jail.

A Rastaman Dealt the Deadly Blow with a Stave.

We learn from parties on board the steamer Evansville that a deadly affair occurred on Green river, below Mining City, last Monday, between a rastaman named Hunter and a negro named Schultz. They were loading staves on a barge when some words passed between them. Hunter, having enraged, seized a stave and dealt Schultz a blow on the head. The negro, after much suffering, died on Tuesday morning. We could not learn as to whether Hunter had been arrested or not.—Boiling Green Intelligencer.
